PARIS - 21 SEPTEMBER 2026

After a highly successful first edition, the Ultimate Supercar Garage came out on top as the referent indoor event in Europe. The event dedicated to contemporary supercars is back from the 3rd to the 7th February, at Paris Expo Porte de Versailles, with Rétromobile at their sides. **The meeting is taking place the Paris Cars Week**, a week dedicated to automotives of collection and prestige, that will reunites Rétromobile, Ultimate Supercar Garage, major auctions and the ceremony Best of the Best Awards at Peninsula Classics. A program that will make Paris, at the start of the season, the gathering point for collectors, enthusiasts, and major players in the international automotive industry.

On this occasion, **Ultimate Supercar Garage is unveiling its official 2027 poster**, featuring a more assertive visual identity that blends design, vibrant colors, and supercar culture. The design embodies the experience offered to visitors of the event, both through the quality of the stands and cars on display and through the impressive live stage that hosted three world premieres during the 2026 edition, including the Bugatti FKP Hommage.

AN ENTIRE PAVILION DEDICATED TO THE UNIVERSE OF SUPERCARS

A new dimension for this second edition : Ultimate Supercar Garage now takes over an entire hall specially designed for the event: the Pavilion 6. The original concept remains unchanged : to make Ultimate Supercar Garage the world's most spectacular pop-up garage, dedicated to today's most desirable modern supercars.

Another new feature : the event dates are now fully aligned with those of Rétromobile. Following a common preview evening on Tuesday 2nd of February 2027, the event will open to the general public earlier ; on Wednesday 3rd of February, 2027 at 10:00 a.m., offering two additional days for the visitors in comparison with 2026. This change reflects the strong enthusiasm generated by the event and will allow collectors and enthusiasts to enjoy both events in the best conditions possible.

THE WORLD OF SUPERCARS COMES TOGETHER IN PARIS

During five days, Ultimate Supercar Garage will bring together the most prestigious names in the world of contemporary supercars : leading manufacturers, luxury automotive craftsmen that are behind some of the most desirable supercars of the recent decades (including ultra-limited production models and restomods) as well as specialist dealers, club owners and their communities.

The event will also feature a dedicated Gallery celebrating luxury and the art of living.

2027 MARKS A NEW MILESTONE FOR ULTIMATE SUPERCAR GARAGE.

"The unprecedented enthusiasm shown by accredited journalists, industry professionals, the supercar community and the public following the 2026 edition made the launch of Ultimate Supercar Garage in Paris last February a successful gamble. Seven months later, we are delighted to unveil the first new additions to the 2027 edition, which is already shaping up to be an exciting one.

Alongside prestigious new manufacturers including Koenigsegg, Kimera, RUF Automobile, Spyker, Ravage Automobile and KALMAR Automotive, we can already confirm the presence of renowned new specialist dealers such as Excel Car. They will join the specialist dealers, including Moteur & Sens, which will return in 2027 with a bigger space.

See you next February in Paris, for two events with one shared ambition: to bring you the very best of the automotive world and its passion!"

Romain Grabowski, Director of Rétromobile and Ultimate Supercar Garage

THE LIVE STAGE, THE BEATING HEART OF THE EVENT

A true highlight of the event, the Live Stage returns in 2027 with an all-new programme. French and international designers, manufacturers, engineers and creators will take to the stage to share their visions, unveil new models and explore the latest developments shaping the industry. The format was already a major success in 2026, featuring 40 speakers, 3 world premieres and a total of 14 hours of programming.

TWO EXCEPTIONAL SHOWS, ONE UNMISSABLE AUTOMOTIVE WEEK

For its 51st edition, Rétromobile, the historic show dedicated to cars of collection, will take place from February 3 to 7, 2027 at Paris Expo Porte de Versailles. Ultimate Supercar Garage returns for its second edition on the same dates as Rétromobile, further strengthening Paris's position as an unmissable destination for collectors and prestige automobiles.

Both events will open their doors together with a common preview evening on Tuesday, February 2, 2027, offering enthusiasts an unique experience combining automotive heritage with contemporary supercars.
