HOSPITALITY OFFERS

# WELCOME

Every year, Paris takes centre stage as a destination for collector automobiles. Ultimate Supercar Garage brings together the world's most prestigious manufacturers and exclusive supercars in a setting dedicated to automotive design, innovation and artistry. Alongside it, Rétromobile celebrates the mechanical treasures and legendary models that have shaped automotive history.

To make your visit truly special, our hospitality packages combine discovery, comfort and conviviality. Dedicated welcome services, private lodge, food and drink service and access to both exhibitions come together to create a seamless and memorable experience.

Invite your clients, colleagues or guests to share an exceptional moment at the heart of Ultimate Supercar Garage and Rétromobile.
